Linka Neumann's first two books, *Wilderness Sweaters* and *Wilderness Sweaters 2*, have enjoyed tremendous success in Norway. Her unique patterns have traveled far abroad as well; her books have now been sold to seven languages.

Linka Neumann is known for her characteristic and beautiful wilderness sweaters. This time, she surprises with rough and rustic interior knits for houses and cottages. Linka is inspired by tradition, indigenous peoples, and nature, but with an unmistakably personal and modern twist.

In this book, you will find patterns for original and beautiful pillows, warm blankets in several sizes, and decorative carpets – all in Linka's vibrant and contrasting colour combinations.
